

Fabrion™ 330

Coalescing agent

Product Description

Fabrion™ 330 is a low-odor coalescent compatible with a wide range of latex types. It effectively supports the formulation of latex paints that achieve a well-balanced combination of performance attributes. Even under stringent low-VOC requirements, Fabrion™ 330 ensures excellent performance. Fabrion™ 330 can be blended with other coalescents to further optimize the balance between low VOC content and overall paint performance.

Segment Applications

Fabrion™ 330 is a coalescing agent used mainly in the paints and coating industry.
