

ProPhorce™ SA Exclusive

Hygiene enhancement and mold load management for feedstuffs

Product Description

ProPhorce™ SA Exclusive is a liquid blend of organic acids and essential oils dedicated to hygiene enhancement and mold load management in all feedstuffs, ingredients as well as finished feeds.

Classified as a complementary feed, it is a fluid liquid designed to be sprayed on dry substrates inside a feed mill or a grain processing plant.

It can be used at both low and high doses to help maintain safety in feed chain.

Segment Applications

Feed mills for use in compound feeds and raw materials

Grain processing plants for use in raw materials
