

# Potassium Formate 75%

## Description

- Potassium Formate 75% solution in water

## Applications

- Drilling and completion fluids
- Deicer
- Heat transfer fluids

## Delivery forms

- IBC 1570 kg
- Bulk

## Sales specification

|   |           |
|---|-----------|
| Potassium Formate content, % <sup>1</sup>         | Min. 74   |
| Density (at 25°C), g/cm <sup>3</sup> <sup>2</sup> | 1.57-1.58 |
| pH (at 25°C) <sup>3</sup>                         | 9-10      |

## Typical properties

|  |     |
|--|-----|
| Iron content, ppm <sup>4</sup>               | 5   |
| Chloride content, ppm <sup>5</sup>           | 25  |
| Other organics, % <sup>*</sup>               | 0.5 |
| Calcium content, ppm <sup>*</sup>            | 8   |
| Crystallisation temperature, °C <sup>*</sup> | 0   |
