

Malmö, November 23, 2018

Dear Business Partner,

We refer to your letter regarding Perstorp's preparations for United Kingdom's anticipated exit from the European Union as per 29 March 2019. Please be informed that Perstorp together with its affiliates are carefully following the development within this area. Considering there is a risk for what is called a "Hard Brexit", Perstorp has appointed internal working groups within different functions of the organization, in order to assess the potential consequences of such scenario and what appropriate actions to be taken in order to secure the business going forward.

However, please note that Perstorp does not plan to keep any additional safety stock levels in preparation to a Hard Brexit within the UK. Should it come to a Hard Brexit and for any reason whatsoever the supply chains will be interrupted we will not take any liability for consequential costs. Should you consider to build safety stock yourself in advance in order to mitigate that risk then please get in touch with us and we will support you in that.

For further information and updates, please visit our website [www.perstorp.com/BREXIT](http://www.perstorp.com/BREXIT)

Sincerely,

Perstorp AB
